

GESI Cooperatives & Rural Women Economic Assessment

Baseline Research on Northern Agricultural Clusters and Micro-Enterprises

Gender Equality and Social Inclusion (GESI) Operational Report

Growth Innovation for Development Action (GIDA)

Key Findings:

- 78 percent of women farmers lack direct access to collateral-free digital micro-credit.
- Introduction of peer-guarantee kiosks increased market aggregation by 42 percent.
- Integrated solar cold-chain access reduced perishable crop spoilage by 65 percent.

Recommended Policy Actions for Donors and Private Off-takers.
